01 Your key predictions at a glance

Aarav, 2027 is a hinge year. On **26 August 2027** your sixteen-year Jupiter **Mahadasha** (major planetary period) ends and a nineteen-year Saturn Mahadasha begins. The windows below are the year's main openings and cautions, strongest first. For a care window, the strength shows how strongly that theme is likely to be felt.

When	What	Why (one line)	Strength	What the chart favours
25 Jun – 20 Oct 2027	Rise in income, gains and fortune; support from mentors, seniors and elder siblings	Saturn and Jupiter together activate your 9th and 11th houses (the 11th holds 41 bindus, your highest); Jupiter moves back into your Lagna	**Strong**	Building savings, holding gold, long journeys and pilgrimage, approaching mentors with proposals
26 Nov 2027 – 23 Feb 2028	Career rise: a bigger role, a mandate or a promotion	The double transit is sharpest on your 10th house (37 bindus) and 2nd house; the Saturn Mahadasha is newly running	**Strong**	Accepting larger responsibility, putting savings on a firm structure
2 Jun – 20 Oct 2027	Marriage talks, engagement or a serious partnership, including business	Double transit on your 7th house; Saturn, your 7th lord, opens its Mahadasha on 26 Aug	**Moderate**	Formal commitments made with family support, partnership agreements
26 Aug – 20 Oct 2027	A job change or a new work structure	The Mahadasha of Saturn, your 6th lord sitting in its own sign in the 6th of your birth chart, begins; transit Saturn is in your 9th	**Moderate**	Securing the next role before leaving the present one
20 Oct – 26 Nov 2027	Conception, studies, exams and creative work	Double transit on your 5th house; 5th lord Jupiter sits in your Lagna in the birth chart	**Moderate**	Family planning, admissions, exams, creative launches
24 Apr – 25 Jun 2027	Foreign travel, visas and overseas links	Pratyantar of the Moon, your 12th lord; transit Jupiter in your 12th	**Moderate**	Visa filings, overseas work trips, foreign clients
6 Jul – 26 Aug 2027	Property and home matters	Pratyantar of Mars, your Yogakaraka and 4th lord	**Moderate**	Exploring and negotiating property; extra care with papers around the 2 Aug eclipse
24 Jan – 2 Jun 2027	Care with expenses, health and hidden matters	Double transit on your 8th house; transit Jupiter in your 12th	**Moderate**	Settling insurance, tax and wills; preventive check-ups; keeping speculative spending low

When	What	Why (one line)	Strength	What the chart favours
10 Jan – 1 Apr 2027	Care with temper, energy and close relationships	Mars turns retrograde in transit over your Lagna, then backs into your 12th	**Mild**	Reviewing rather than starting; patience at home and at work

Background to the whole year: the **Dasha Sandhi**, the junction between two Mahadashas, runs **26 Feb 2027 – 26 Feb 2028**. Junctions bring some restlessness and a sense of change. The chart favours finishing old Jupiter-period matters cleanly while you build Saturn-period habits slowly, so that no irreversible step is rushed.

02 Your 2027 at a glance

For orientation: your **Lagna (rising sign)** is Simha (Leo) at 6°18′ in Magha nakshatra. Your **Rashi (Moon sign)** is Tula (Libra), with the Moon in Chitra nakshatra, pada 3, the "bright jewel" ruled by Tvashtar, the divine architect.

The main theme: from the teacher to the taskmaster

You have lived under Jupiter's Mahadasha since 26 August 2011, and in your birth chart Jupiter sits in your own Lagna. These years built your outlook, your learning and your sense of purpose. On **26 August 2027** Saturn takes over, and it stays until 2046. In your birth chart Saturn sits in its own sign Makara in the 6th house and rules both your 6th (work, service, competition) and your 7th (marriage, partnership). The question of your life shifts from "what do I believe?" to "what do I build, and with whom?"

Until that handover, the Jupiter–**Rahu Antardasha** (sub-period) runs from 1 April 2025 to 26 August 2027. It is a hungry, ambitious, unconventional sub-period. After the handover, the Saturn–Saturn sub-period runs to 29 August 2030. The full sequence is explained in the next chapter.

The slow movers in one view

Saturn transits Meena (8th from your Lagna, 6th from your Moon) until 2 Jun. It then moves into Mesha (9th from Lagna, 7th from Moon) until 20 Oct, and returns to Meena for the rest of the year.

Jupiter opens the year in your Lagna. It slips back into Karka (12th from Lagna, 10th from Moon) from 24 Jan to 25 Jun, returns to your Lagna (11th from Moon) until 26 Nov, then enters Kanya (2nd from Lagna).

Rahu stays in Makara (6th from Lagna, 4th from Moon) all year, and **Ketu** stays in Karka (12th from Lagna, 10th from Moon).

You are free of **Sade Sati**, Saturn's 7½-year passage over the Moon, and of **Dhaiya**, its 2½-year 4th/8th-from-Moon phase, throughout 2027. Your last Dhaiya ended on 17 Jan 2023.

Your annual chart's focus

Your **Varshaphal (Tajik annual chart)** for 15 Aug 2026 – 15 Aug 2027 places the **Muntha**, the year's progressed focal point, in its 1st house. That puts the focus on self, health and personal direction. From 15 Aug 2027 the Muntha moves to the 11th house of the new annual chart, one of the most rewarding Muntha positions for gains and fulfilled wishes.

The yogas behind your year

Your birth chart holds **six active yogas**: Yogakaraka (Mars), Raja Yoga (Jupiter, Mars, Venus), Dhana Yoga (Jupiter, Mercury, Mars), Harsha Yoga (Saturn), Veshi Yoga and Kedara Yoga. **Kemadruma Yoga** is cancelled, so it is not counted.

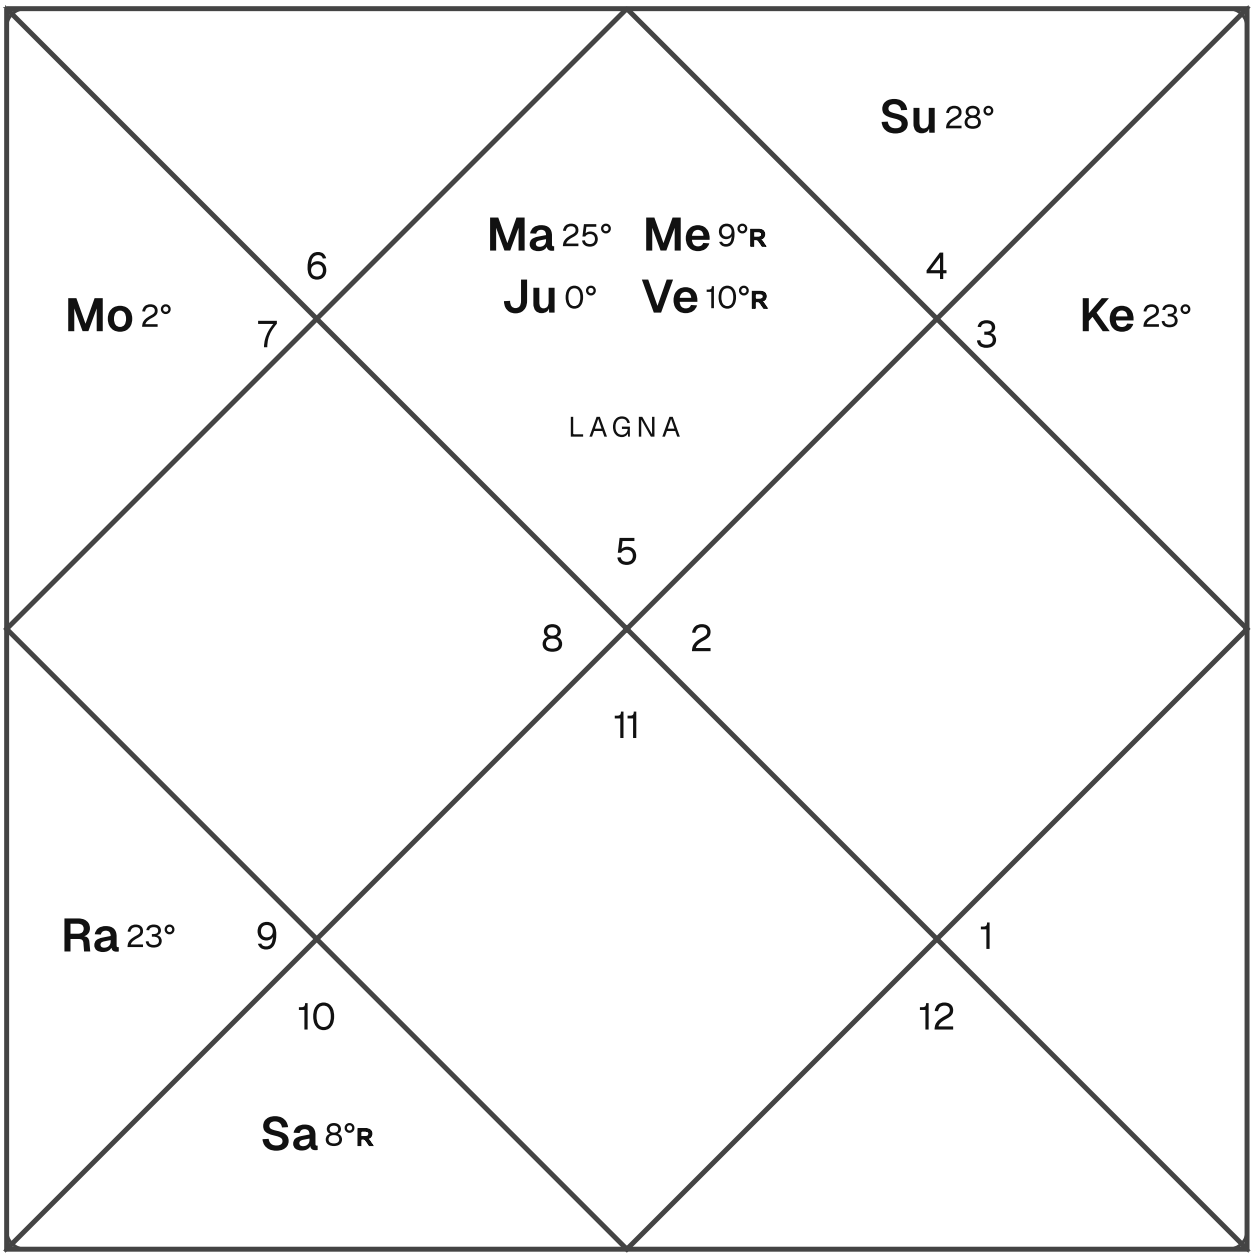

> **Veshi Yoga** forms because Mars, Mercury, Jupiter and Venus sit in Simha, the sign after your Sun's sign Karka. It gives you a steady, dignified presence.
>
> **Kedara Yoga** forms because seven grahas occupy four signs. It gives a practical, cultivating nature that makes things grow.

The other four are taken up where they act most: Raja Yoga and Yogakaraka under career, Dhana Yoga under money, and Harsha Yoga under your dashas and health.

An honest overall tone

The **first half of 2027 asks for patience**. Mars and Jupiter are both retrograde early in the year, Jupiter spends five months in your 12th house of expenses and solitude, and transit Saturn sits on your 8th. The **second half is clearly stronger**. From 25 June, Jupiter's return to your Lagna together with Saturn in your 9th lifts fortune and income, and the year closes with your 10th house of career strongly activated.

Your best months are **June to October and November to December**. Your quietest months are **February to April**.

Your calculated charts. The Dasamsa (D10) Lagna is Tula (Libra). Its chart appears in the career chapter.

03 Your dashas in 2027

The **Vimshottari dasha**, the 120-year cycle of planetary periods, is the clock of your chart. In 2027 three levels run at once: the Mahadasha, the Antardasha and the **Pratyantardasha** (sub-sub-period). They are listed below in date order.

Mahadasha of Jupiter (26 Aug 2011 – 26 Aug 2027)

In your birth chart Guru (Jupiter) sits at 0°08′ Simha in your Lagna, in Magha pada 1, in a friend's sign. It rules your **5th house** (children, study, intelligence, past merit) and your **8th house** (sudden change, research, inheritance). It is **combust**, sitting very close to the Sun, which is in late Karka at 27°59′. Its wisdom works quietly and sometimes goes unrecognised.

Jupiter joins Mars and Venus to form your **Raja Yoga**, and Mercury and Mars to form your **Dhana Yoga**. These give this Mahadasha its growth in knowledge, status and resources. Its final eight months now close the chapter: lessons conclude, old commitments are settled, and what you learned is ready to be put to work.

Antardasha of Rahu (1 Apr 2025 – 26 Aug 2027)

In your birth chart Rahu sits in Dhanu, your 5th house, in Purva Ashadha pada 4, a nakshatra ruled by Venus. In the **Bhava Chalit** (the house-cusp chart) Rahu shifts into your 6th bhava. Its dispositor (the lord of the sign it occupies) is Jupiter, which sits in your Lagna.

So Rahu's sub-period brings:

- big, unconventional ambitions;
- attraction to technology, foreign ideas or unusual study;
- an edge in competition through the 6th-bhava influence.

The 5th-house placement asks for caution with speculation and hasty decisions about children or romance. Your chart is free of **Guru-Chandal dosha** (the Jupiter–Rahu affliction), so Rahu's restlessness does not corrupt Jupiter's judgement here. It mostly speeds things up.

The four Pratyantardashas of 2027 under Jupiter–Rahu:

Venus pratyantar (16 Oct 2026 – 11 Mar 2027). In your birth chart Shukra (Venus) rules your 3rd and 10th houses and sits in your Lagna. It is retrograde and in an enemy sign. This stretch brings career visibility, creative and presentation work, and social charm, but with second thoughts and revisions. It is mildly supportive for career visibility.

Sun pratyantar (11 Mar – 24 Apr 2027). In your birth chart Surya, your Lagna lord, sits in Karka in your 12th house, in Ashlesha pada 4. In the Bhava Chalit it moves into your 1st bhava. This six-week

window turns you inward: rest, expenses, foreign or institutional matters, and your father's and your own vitality call for attention.

Moon pratyantar (24 Apr – 6 Jul 2027). In your birth chart Chandra rules your 12th house and sits in your 3rd house, in Tula. It is **vargottama**, holding the same sign in the birth chart and the Navamsa, which makes it steady and reliable. This brings travel, communication, writing and siblings into focus. Because the Moon rules your 12th, foreign links come too, which supports the 24 Apr – 25 Jun travel window.

Mars pratyantar (6 Jul – 26 Aug 2027). In your birth chart Mangal rules your 4th house (a kendra, or angle) and your 9th house (a trikona, or trine). That makes it your **Yogakaraka**, the planet that alone gives Raja-yoga results. It sits in your Lagna in Purva Phalguni pada 4, and in the Bhava Chalit it moves into your 2nd bhava. This closes the Jupiter Mahadasha with energy for property, home, fortune and family resources, which is the basis of the 6 Jul – 26 Aug property window (moderate).

Mahadasha of Saturn begins (26 Aug 2027 – 26 Aug 2046)

In your birth chart Shani sits in its **own sign Makara in your 6th house**. It is retrograde, in Uttara Ashadha pada 4, a nakshatra ruled by the Sun. It rules your 6th and 7th houses. As 6th lord sitting in the 6th, it forms **Harsha Yoga**, a classical yoga that turns obstacles into victories: the strength to outlast rivals, recover from setbacks and win disputes through persistence.

Saturn is a great enemy of your Lagna lord Sun, so its period can feel demanding on pride. What it rewards is discipline, service and patience. As your 7th lord, it also makes marriage and partnership a central theme of the coming years.

Saturn–Saturn Antardasha (26 Aug 2027 – 29 Aug 2030)

The first sub-period is Saturn's own. It sets the tone of the Mahadasha:

heavier workload and new structures at work;

formal responsibilities;

a serious view of partnership.

Within it, the **Saturn–Saturn–Saturn pratyantar (26 Aug 2027 – 16 Feb 2028)** covers the rest of the year. It is a concentrated Saturn stretch that suits routines, long-term planning, legal and administrative work, and steady effort over flashy moves.

The Dasha Sandhi

The junction between Jupiter and Saturn runs **26 Feb 2027 – 26 Feb 2028**. It is not a misfortune. It is a period of transition in which old supports fall away before new ones settle. It is strongest in the weeks around 26 August. The chart favours closing Jupiter-period matters cleanly and

adopting Saturn-period habits gradually.

Yogini dasha in 2027

The **Yogini dasha**, a second traditional timing system, confirms this picture:

Mangala yogini, ruled by the Moon (28 Nov 2026 – 29 Nov 2027). A gentle, emotionally responsive year that supports family and communication.

Pingala yogini, ruled by the Sun (from 29 Nov 2027 to 2029). It brings authority, recognition and some heat of temperament, matching the strong career close of the year.

Vimshottari Mahadashas

Mangal 1991–1993	Rahu 1993–2011	Guru 2011–2027
Shani 2027–2046	Budh 2046–2063	Ketu 2063–2070
Shukra 2070–2090	Surya 2090–2096	Chandra 2096–2106

04 Your Varshaphal years in 2027

Varshaphal (the Tajik annual chart) is cast for the exact moment the Sun returns to its birth position each year. Two such charts touch 2027. The houses below are annual-chart houses, not birth-chart houses.

Varshaphal 1: 15 Aug 2026 – 15 Aug 2027 (covers 1 Jan – 15 Aug 2027)

Solar return: 15 Aug 2026 at 05:56 IST (00:26 UTC), a night chart.

Annual Lagna: Karka (Cancer).

Muntha: Karka, in the **1st house** of the annual chart; Muntha lord the Moon.

Officials: Muntha lord Moon, birth-Lagna lord Sun, annual-Lagna lord Moon, day-night lord Sun.

Key placements in the annual chart:

Sun, Mercury and Jupiter all occupy the annual 1st house, together with the Muntha.

Moon and Ketu are in the annual 2nd (Simha). In your Varshaphal (annual chart) for 2026–27, Venus is in the annual 3rd (Kanya). In your Varshaphal (annual chart) for 2026–27, Saturn is in the annual 9th (Meena). In your Varshaphal (annual chart) for 2026–27, Rahu is in the annual 8th (Kumbha).

Mars is in the annual 12th (Mithuna).

Reading. A Muntha in the 1st with Jupiter beside it makes this a year about **you**: your health, appearance, confidence and direction. The Moon rules both the annual Lagna and the Muntha, so your moods and your family life drive outcomes. With Jupiter in the annual 1st, wise counsel arrives when you need it. With Mercury there, you speak and think well. With the Sun there, you are seen as a leader.

The cautions in this chart:

Mars in the annual 12th points to expenses, poor sleep and hasty spending, especially during Mars's retrograde season (10 Jan – 1 Apr).

Rahu in the annual 8th adds sudden turns and hidden matters, echoing the 24 Jan – 2 Jun care window in your transits.

Saturn in the annual 9th asks for patience with father figures, teachers and long-distance plans. Faith grows through steady practice.

This chart governs January to mid-August 2027. Its best use is to strengthen yourself before the new Mahadasha.

Varshaphal 2: 15 Aug 2027 – 15 Aug 2028 (covers 15 Aug – 31 Dec 2027)

Solar return: 15 Aug 2027 at 12:08 IST (06:38 UTC), a day chart.

Annual Lagna: Tula (Libra).

Muntha: Simha, in the **11th house** of the annual chart; Muntha lord the Sun.

Officials: Muntha lord Sun, birth-Lagna lord Sun, annual-Lagna lord Venus, day-night lord Moon.

Key placements in the annual chart:

Jupiter and Mercury sit in the annual 11th with the Muntha.

Sun, Venus and Ketu are in the annual 10th (Karka).

Moon and Rahu are in the annual 4th (Makara). In your Varshaphal (annual chart) for 2027–28, Saturn is in the annual 7th (Mesha).

Mars is in the annual 12th (Kanya).

Reading. In Tajik tradition the 11th is among the finest Muntha positions, the house of gains, networks and wishes fulfilled. Jupiter and Mercury join it, so profit comes through advice, intellect, trade and influential friends. The Sun rules the Muntha and is also your birth-Lagna lord. It sits in the annual 10th with Venus, the annual-Lagna lord, which puts **career and public standing** at the centre of this annual year. This matches the strong 26 Nov 2027 – 23 Feb 2028 career window in your transits.

The cautions in this chart:

Saturn in the annual 7th makes partnerships, marriage and contracts serious and binding. This fits the start of Saturn's Mahadasha as your 7th lord. Commitments made now are meant to last, and they are worth checking carefully.

Moon and Rahu in the annual 4th show restlessness at home, a wish to change residence or renovate, or a mother's worries that need attention.

Mars again in the annual 12th repeats the call to watch expenses and sleep.

How the two charts hand over

From January to mid-August the year is about **personal strength and inner preparation**, with the Muntha in the 1st. From mid-August to December it turns to **gains and career**, with the Muntha in the 11th. The handover on 15 August falls eleven days before the Mahadasha changes on 26 August, so late August 2027 is a double turning point in your year.

05 Saturn, Jupiter, Rahu and Ketu in 2027

The slow grahas set the climate of the year. **Ashtakavarga bindus** (strength points out of a possible 56 for each sign; around 28 is average) show how well each sign receives them in your chart.

Saturn in transit

Dates	Sign	From Lagna	From Moon	Bindus
1 Jan – 2 Jun	Meena (Pisces)	8th	6th	27
2 Jun – 20 Oct	Mesha (Aries)	9th	7th	28
20 Oct – 31 Dec	Meena (Pisces)	8th	6th	27

Transit Saturn turns **retrograde on 9 Aug** in Mesha, backs into Meena on 20 Oct and turns **direct on 24 Dec**.

Sade Sati and Dhaiya: neither runs in 2027. The next Dhaiya (8th from Moon) begins on 8 Aug 2029, and Sade Sati begins on 22 Oct 2038.

Reading:

> From your Moon, transit Saturn in the 6th (January–June and October–December) is one of its classically favourable positions. It helps you defeat competition, clear pending work and gain from service.
>
> From your Lagna, the same transit crosses your 8th house. It asks for care with health routines, joint finances, insurance and anything hidden or delayed.
>
> In Mesha (2 Jun – 20 Oct), transit Saturn sits in your 9th house of fortune and teachers, and the 7th from your Moon. Duty to father, mentors and partners becomes serious and rewarding.
>
> When the Saturn Mahadasha begins on 26 Aug, transit Saturn is in Mesha. The new period opens under a dharmic, 9th-house tone: responsibility shapes fortune.

Jupiter in transit

Dates	Sign	From Lagna	From Moon	Bindus
1 – 24 Jan	Simha (Leo)	1st	11th	30
24 Jan – 25 Jun	Karka (Cancer)	12th	10th	22
25 Jun – 26 Nov	Simha (Leo)	1st	11th	30

Dates	Sign	From Lagna	From Moon	Bindus
26 Nov – 31 Dec (to 28 Feb 2028)	Kanya (Virgo)	2nd	12th	21

Transit Jupiter is **retrograde from 13 Dec 2026 to 13 Apr 2027**. It moves back into Karka on 24 Jan and turns direct there.

Reading:

In your 12th (Karka, only 22 bindus), transit Jupiter favours spiritual practice, foreign links and generosity. It also opens the door to higher spending and quiet periods. From your Moon this is the 10th, so work demands rise even while recognition waits.

Its return to your Lagna on 25 Jun is the turning point of the year. It is the 11th from your Moon, the classic position for gains, and it moves over the natal Jupiter, Mars, Mercury and Venus in your birth chart, waking up your Raja and Dhana yogas.

From 26 Nov, in your 2nd house, transit Jupiter turns attention to family, speech and savings. The sign holds only 21 bindus, so the gains here are steady rather than dramatic.

Transit Jupiter ends its own Mahadasha while crossing your Lagna. Jupiter thus gives you a last blessing before it hands over.

Rahu and Ketu in transit

Rahu stays in **Makara (6th from Lagna, 4th from Moon, 32 bindus)** and Ketu in **Karka (12th from Lagna, 10th from Moon, 22 bindus)** from 1 Jan 2027 until 23 Jun 2028.

Reading:

Transit Rahu in the 6th is one of its best placements. It sharpens your competitive edge, helps in legal or official matters and supports technical or service work. It also crosses Makara, the sign of your natal Saturn, so your Saturn themes of work, discipline and disputes are already stirring before the Mahadasha starts.

From your Moon, transit Rahu in the 4th brings restlessness at home and with property, and some worry about your mother's comfort.

Transit Ketu in your 12th turns you toward meditation, solitude and letting go. From the Moon, the 10th, it can make you feel detached from your job title even while you perform well.

Your Rahu Antardasha runs while transit Rahu sits in your 6th. Until 26 Aug, Rahu's results lean toward winning against rivals rather than toward scattered speculation.

Double transit: where Saturn and Jupiter meet

Traditional timing says a house delivers when transit Saturn and transit Jupiter influence it together. In 2027:

House	Windows in 2027	Sharpest phase
8th (change, hidden matters)	1 Jan – 2 Jun; 20 Oct 2027 – 23 Feb 2028	24 Jan – 2 Jun; 26 Nov 2027 – 23 Feb 2028
7th (marriage, partnership)	2 Jun – 20 Oct	—
3rd, 9th, 11th (effort, fortune, gains)	25 Jun – 20 Oct	9th: 25 Jun – 20 Oct
5th (children, study)	20 Oct – 26 Nov	20 Oct – 26 Nov
2nd and 10th (savings, career)	20 Oct 2027 – 23 Feb 2028	26 Nov 2027 – 23 Feb 2028

These double-transit windows are the backbone of the dated predictions in every chapter that follows.

06 Eclipses and retrogrades of 2027

The five eclipses

Eclipses (**grahan**) stir the house they fall in for several weeks around the date. Where an eclipse is visible from your birthplace, Jaipur, tradition gives it more weight.

1. Annular solar eclipse, 6 Feb 2027. It falls in Makara, your 6th house from Lagna and 4th from Moon, and is not visible from Jaipur. The 6th governs daily work, health routines and competition. The effect is mild: some reshuffling of routine and minor friction with colleagues. Your home mood (4th from Moon) may feel unsettled.

2. Penumbral lunar eclipse, 21 Feb 2027 (04:42 IST). It falls in Simha, your Lagna, the 11th from your Moon, and is visible. A lunar eclipse on the Lagna turns attention to body, mood and self-image, and it sits over the four natal grahas in your Lagna. A penumbral eclipse is subtle. It suits rest, reflection and a light routine.

3. Penumbral lunar eclipse, 18 Jul 2027 (21:33 IST). It falls in Makara, your 6th from Lagna and 4th from Moon, and is visible. Health habits, workload and home comfort come to notice during the Mars pratyantar. The chart favours calm handling of property or household papers in this week.

4. Total solar eclipse, 2 Aug 2027 (15:36 IST). It falls in Karka, your 12th from Lagna and 10th from Moon, and is **visible**. This is the most significant eclipse of your year.

- It falls in the sign of your natal Sun, your Lagna lord, and over transit Ketu.
- It lands three weeks before your Mahadasha changes and inside the Dasha Sandhi.
- The 12th governs expenses, sleep, foreign lands and endings. The 10th from the Moon governs work and reputation.

Expect an ending, a release or a decision about work in the weeks around it. This period suits rest and closing old matters rather than launching new ones.

5. Penumbral lunar eclipse, 17 Aug 2027 (12:43 IST). It falls in Makara, your 6th from Lagna and 4th from Moon, and is not visible. Its effect is mild, a closing echo of the 18 Jul eclipse.

Traditional observances on eclipse days (optional):

- Stay quiet during the eclipse hours and chant the mantra of the planet involved.
- For the solar eclipses, chant *ॐ सूर्याय नमः* or the Aditya Hridayam. For the lunar eclipses, chant *ॐ सोमाय नमः*.
- Bathe after the eclipse ends and give daan (charity): wheat and jaggery after a solar eclipse, rice and white cloth after a lunar one.
- Tradition favours postponing major signings to a day or two after the eclipse.

The retrograde stations

A retrograde (**vakri**) planet asks for review, repair and return rather than fresh starts in what it rules.

Jupiter, 13 Dec 2026 – 13 Apr 2027, from Simha (your 1st) back into Karka (your 12th). It is a time to review beliefs, health plans, study goals and anything tied to children or long-term growth. The chart favours finishing courses over starting them, and re-checking investment-style decisions about gold or property rather than making them.

Mars, 10 Jan – 1 Apr 2027, from Simha (your 1st) back into Karka (your 12th). Your Yogakaraka going backward over your Lagna is the year's main "slow down" signal: temper, haste, minor injuries from rushing, and property or vehicle decisions all deserve a second look. This is the 10 Jan – 1 Apr care window (mild).

Mercury, 9 Feb – 3 Mar 2027, from Kumbha (your 7th) back into Makara (your 6th). Re-read contracts and partnership messages, and clear up misunderstandings with your partner or clients.

Mercury, 10 Jun – 5 Jul 2027, in Mithuna (your 11th). In your birth chart Mercury rules your 2nd and 11th houses, so check payments, invoices, friendships and network commitments. Old contacts may return with offers.

Saturn, 9 Aug – 24 Dec 2027, from Mesha (your 9th) back into Meena (your 8th). It turns retrograde two weeks before its own Mahadasha begins. Your new duties arrive gradually: revisit long-term plans, paperwork, insurance and joint finances, and let structures settle before committing to them fully.

Mercury, 7 – 28 Oct 2027, from Tula (your 3rd) back into Kanya (your 2nd). Review short trips, written work, family finances and what you promise in speech.

Venus has no retrograde in 2027, so love and comforts carry no retrograde-specific review this year.

07 Career and work in 2027

Your planetary career analysis

Your **10th house (Karma bhava)** is Vrishabha (Taurus), holding **37 bindus**, one of the strongest houses in your chart. Its lord Venus sits in your Lagna in your birth chart, so your career is built around your own personality and presence.

In your Lagna, Venus joins:

- **Jupiter**, your 5th lord, a trikona lord;
- **Mars**, your 4th and 9th lord, the Yogakaraka.

Kendra and trikona lords joined like this form your **Raja Yoga**, the classical promise of status and authority. Venus is retrograde and in an enemy sign, so recognition often comes after revisions, delays or a second attempt rather than at the first try.

Your **6th house of service** holds Saturn in its own sign with **32 bindus**, giving Harsha Yoga, as described in the dasha chapter. Your **11th house of income** is Mithuna with **41 bindus**, the highest in your chart. Its lord Mercury sits in your Lagna in the birth chart, retrograde and combust. Ketu in your 11th gives gains through specialised, technical or unusual channels.

The Dasamsa (D10, the career chart) has Tula (Libra) rising:

- Mars sits in its own sign Mesha in the 7th of the Dasamsa, giving drive for business, partnerships and client-facing work.
- Rahu occupies the 10th of the Dasamsa (Karka), giving an unconventional career path with links to technology, foreign organisations or new fields.
- Jupiter sits in the 11th of the Dasamsa (Simha), so gains come through advisers and seniors.
- Saturn, Mercury and Venus gather in Vrishchika, the 2nd of the Dasamsa. Your earnings depend on careful, detailed and sometimes behind-the-scenes work.

How 2027's dashas and transits touch your career

- **Jupiter–Rahu until 26 Aug:** transit Rahu in your 6th sharpens your competitive edge, and Rahu's Bhava Chalit position in the 6th of your birth chart adds to it.
- **Venus pratyantar (to 11 Mar):** it runs the 10th lord, but with transit Mars and transit Jupiter retrograde its gains are modest.
- **Sun in your 10th (15 May – 15 Jun):** transit Sun crosses your 10th, alongside transit Mercury (6 – 23 May) and transit Venus (3 – 28 Jun). Visibility and recognition improve.

Saturn Mahadasha from 26 Aug: your 6th lord takes charge. Work becomes structured, demanding and service-oriented. Classically the 6th lord's period brings a job change, a new employer or a changed reporting line.

Transit Mars moves through your 3rd (24 Aug – 7 Oct), adding courage and initiative to the new Mahadasha. It moves through your 6th from 27 Dec, a competitive finish to the year. The Varshaphal from 15 Aug puts the Sun and Venus in the 10th of the annual chart, confirming the career emphasis.

What this means for you

1 Jan – 11 Mar 2027: creative and career visibility. Mild. *Why:* the Venus pratyantar (your 10th lord) runs while transit Mars and transit Jupiter are retrograde. The chart favours presentations, polishing your profile and finishing pending deliverables rather than big moves.

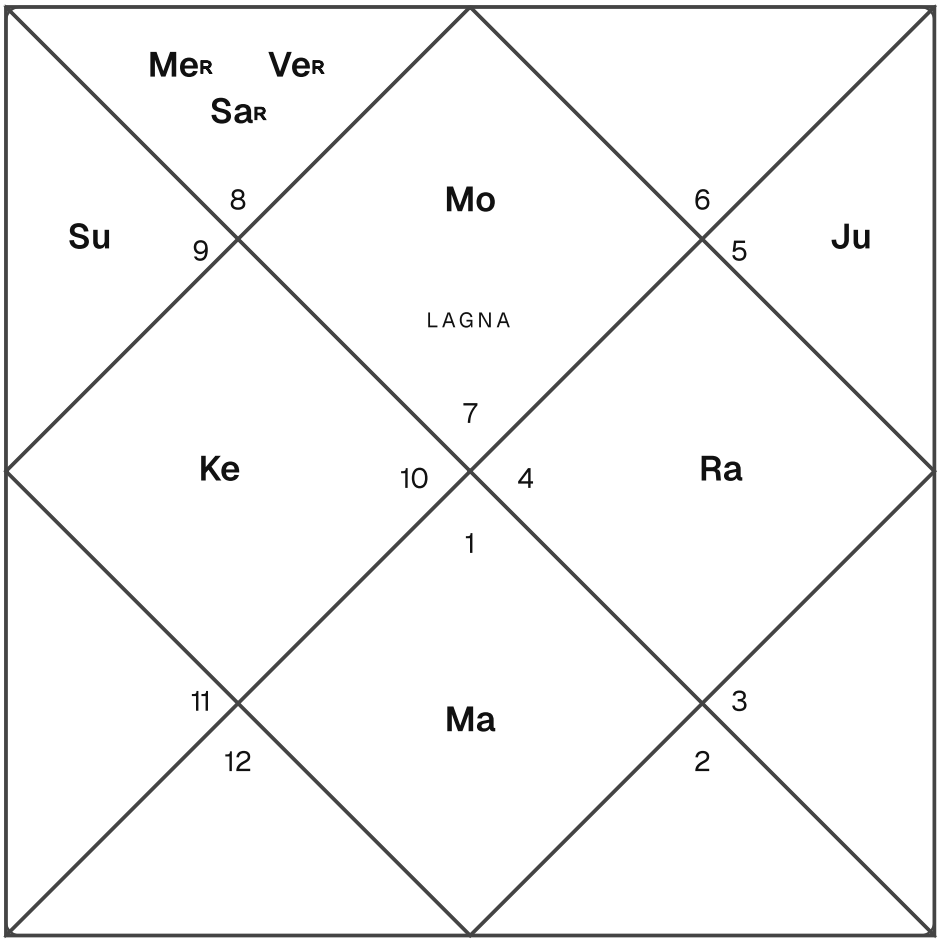

15 May – 15 Jun 2027: recognition at work. Moderate. *Why:* transit Sun is in your 10th (37 bindus) during the Moon pratyantar. Being noticed by seniors and appraisal conversations are supported.

26 Aug – 20 Oct 2027: job change or new work structure. Moderate. *Why:* the Saturn Mahadasha (6th lord in own sign) begins while transit Saturn sits in your 9th. A job change is indicated, and the chart favours securing the next role before leaving the present one, since transit Saturn is retrograde from 9 Aug.

26 Aug – 31 Dec 2027: competition, disputes and official matters. Moderate. *Why:* Harsha Yoga's lord begins its Mahadasha while transit Rahu holds your 6th. Pending disputes, audits or competitive bids tend to resolve in your favour through persistence.

26 Nov 2027 – 23 Feb 2028: career rise and bigger responsibility. Strong. *Why:* the double transit is sharpest on your 10th house in the Saturn–Saturn period. The chart favours accepting a promotion, a larger team or a long-term mandate. For business, it supports formalising structures and a partner with defined roles.

Caution, 10 Jan – 1 Apr 2027. Mild. *Why:* transit Mars is retrograde over your Lagna. The chart advises care with confrontations at work and with impulsive resignations.

08 Money, wealth and property in 2027

Your planetary wealth analysis

Your **2nd house (Dhana bhava)** of savings and family wealth is Kanya (Virgo), with **21 bindus**, a modest store. In your birth chart its lord Mercury sits in your Lagna, retrograde and combust. Mercury also rules your **11th house of gains** (41 bindus). Mercury joins Jupiter and Mars in your **Dhana Yoga**, the classical combination of the lords of wealth, fortune and gain.

Your pattern is clear: **earning is easy, holding on takes discipline**. The 11th is your strongest house and the 2nd one of your weakest. In the Bhava Chalit, Mars, your Yogakaraka, falls into the 2nd bhava, so money grows when you put energy into family resources and solid assets.

Your **Hora (D2, the wealth chart)** shows most of your grahas, the Sun, Moon, Mercury, Jupiter and Venus, in the Leo hora. That is the Sun's half, which points to wealth earned through your own effort, authority and visibility.

The other money houses:

4th house (property, vehicles): Vrishchika with 27 bindus. Its lord Mars sits in your Lagna in the birth chart, a sign that property comes through your own drive. In the Chaturthamsa (D4, property chart), Mars sits in the 10th, linking property to career success.

8th house (joint money, insurance, inheritance): Meena with 27 bindus. Its lord Jupiter sits in your Lagna in the birth chart.

2027's money triggers

Early year: transit Jupiter sits in your 12th from 24 Jan to 25 Jun, and transit Saturn sits on your 8th. Outflows, family obligations and hidden costs rise.

The Mars pratyantar (6 Jul – 26 Aug): it activates your 4th lord, and transit Mars in your 2nd (4 Jul – 24 Aug) energises family money, with a risk of heated money talk.

The gains window (25 Jun – 20 Oct): this is the double transit on your 11th described in the transit chapter. Transit Jupiter returns over your Dhana Yoga grahas, and the new Varshaphal Muntha in the 11th repeats the gains theme.

Late year: transit Jupiter enters your 2nd on 26 Nov while the double transit covers it. Savings and family finances take shape.

What this means for you

24 Jan – 2 Jun 2027: careful spending and financial housekeeping. Moderate. *Why:* the double transit falls on your 8th, transit Jupiter is in your 12th (22 bindus), and Mars is in the annual 12th.

The chart advises care with loans, lending and speculative outlays. The period favours settling insurance, tax and will-related matters, and clearing debt.

6 Jul – 26 Aug 2027: property matters. Moderate. *Why:* this is the Mars pratyantar, your 4th lord and Yogakaraka. The chart supports exploring, negotiating or registering property, and advises care with property papers around the 2 Aug eclipse and the Dasha Sandhi.

25 Jun – 20 Oct 2027: income growth and gains. Strong. *Why:* the double transit falls on your 11th (41 bindus), with transit Jupiter in your Lagna and the 11th from your Moon. The chart shows this as favourable for building savings, investing extra income in steady assets and holding gold. Bonuses, client gains and help from elder siblings or friends are indicated.

27 Oct – 20 Nov 2027: vehicle and home comforts. Mild. *Why:* transit Venus crosses your 4th, and transit Mars is there until 18 Nov. A vehicle purchase or home upgrade is supported, but not strongly. The chart favours inspection and fair negotiation.

26 Nov 2027 – 23 Feb 2028: building savings, alongside the career rise. *Why:* the double transit falls on your 2nd within the strong career window (see career). The chart favours a fixed savings structure and family financial planning.

09 Love, marriage and relationships in 2027

Your planetary relationship analysis

Your **7th house (Kalatra bhava)** is Kumbha (Aquarius), with **19 bindus**, your lowest. In your birth chart its lord Saturn sits in your 6th, in its own sign and retrograde. Marriage is a serious, slowly ripening matter for you. It tends to come through work, service or practical circumstances, and it rewards patience over romance at first sight.

Venus, the karaka (natural significator) of love, sits in your Lagna in the birth chart, retrograde and in an enemy sign, with Mars, Jupiter and Mercury. You are warm, attractive and expressive, but you can revisit decisions about love and expect a lot from a partner.

Your **5th house of romance** is Dhanu with Rahu in the birth chart. Attraction can come through unusual meetings or to someone from a different background.

The Navamsa (D9, marriage chart) has Vrishabha (Taurus) rising:

- Ketu sits in the Navamsa Lagna, a detached, inward quality in marriage.
- The 7th of the Navamsa (Vrishchika) holds Mars in its own sign and Rahu, which points to an intense, determined, strong-willed partner, possibly from a different culture, community or city.
- Venus, the Navamsa Lagna lord, sits in Karka, the 3rd of the Navamsa, so communication is the glue of the marriage.

Future spouse traits the chart shows:

- mature, reserved and responsible, as an Aquarian 7th ruled by Saturn suggests;
- possibly older or serious beyond their years;
- likely connected to service, healthcare, law, administration or technical work, since the 7th lord sits in the 6th;
- possibly met through work or colleagues;
- traditionally linked with the west.

Mangal dosha: your chart shows a **mild** Manglik indication, because Mars sits in your Lagna in the birth chart. It is not present from the Moon. Popular views cancel it on three counts: Mars in Simha, Jupiter alongside Mars, and the Lagna placement itself. These are popular cancellations, not classical ones. The practical effect is mild heat and impatience in partnership, which shows most during Mars's retrograde season.

2027's relationship triggers

- **Transit Venus in your 7th (21 Mar – 15 Apr):** a gentle social opening.

Mercury retrograde in your 7th (9 Feb – 3 Mar): misunderstandings, inside the Mars retrograde season.

The 7th-house window (2 Jun – 20 Oct): this is the main marriage window of the year. Saturn, your 7th lord, begins its Mahadasha on 26 Aug inside it, and Saturn sits in the 7th of the new annual chart.

Transit Saturn retrograde (9 Aug – 24 Dec): asks that commitments be reviewed carefully and not rushed.

What this means for you

10 Jan – 1 Apr 2027: relationship care. Mild. *Why:* transit Mars is retrograde over your Lagna, and Mercury is retrograde in your 7th from 9 Feb to 3 Mar. Arguments flare quickly and fade quickly. The chart favours patient listening and postponing big relationship decisions to after April.

21 Mar – 15 Apr 2027: meeting someone new (for the single). Mild. *Why:* transit Venus is in your 7th. Introductions through friends or social events are supported.

2 Jun – 20 Oct 2027: marriage talks, engagement or commitment. Moderate. *Why:* the double transit falls on your 7th, and the Mahadasha of your 7th lord begins on 26 Aug. For the single, families' talks and formal proposals are indicated, with the chart favouring decisions made with elders involved and finalised before Saturn's retrograde deepens in October. For the married, this period favours renewed commitment, shared long-term plans and joint responsibilities. Expect your partner to want more seriousness from you.

9 Aug – 24 Dec 2027: review of commitments. *Why:* transit Saturn is retrograde. This is not a separate window but a quality of the late year: promises made now hold best when practical details such as home, finances and families' expectations are settled first.

10 Family, home and children in 2027

Your planetary family analysis

4th house (home, mother, property): Vrishchika, 27 bindus. Its lord Mars, the Yogakaraka, sits in your Lagna in the birth chart. Home is something you build by your own hand.

3rd house (siblings, courage): Tula, 26 bindus. It holds the vargottama Moon, giving warm, emotionally close ties with younger siblings and a gift for communication. Its lord Venus sits in your Lagna in the birth chart.

9th house (father, teachers, fortune): Mesha, 28 bindus, ruled by Mars. The Sun, the karaka of the father, sits in your 12th in the birth chart, a sign that the father's support is often quiet, distant or tied to sacrifice.

5th house (children): Dhanu with Rahu in the birth chart. Its lord Jupiter sits in your Lagna. Rahu in the 5th classically indicates a delay, a gap or an unusual route to children. In the Bhava Chalit Rahu shifts to the 6th, which softens this.

The Saptamsa (D7, children chart) has Kanya (Virgo) rising:

Mars sits in the 5th of the Saptamsa (Makara), giving energy and determination in matters of children.

Jupiter and Saturn sit together in the 12th of the Saptamsa. Children may come after some patience, planning or medical support, and later life may bring a child's foreign links.

2027's family triggers

Transit Rahu sits 4th from your Moon all year, which brings restlessness about home and a mother's worries needing attention.

The Moon and Rahu sit in the 4th of the annual chart from 15 Aug, adding to the same theme.

Transit Sun is in your 8th from 15 Mar to 14 Apr, inside the Sun pratyantar.

The Mars pratyantar runs from 6 Jul to 26 Aug.

Transit Mars is in your 4th from 7 Oct to 18 Nov.

The double transit on your 5th runs from 20 Oct to 26 Nov.

What this means for you

11 Mar – 24 Apr 2027: care for your father's wellbeing and your own vitality. Mild. *Why:* this is the Sun pratyantar, your Lagna lord and father karaka, with transit Sun in your 8th. Time with your father and attention to elders' check-ups are favoured.

6 Jul – 26 Aug 2027: home and property moves. Moderate. *Why:* the Mars pratyantar runs your 4th lord. The chart supports a change of residence, renovation or a family property step, with extra

care on papers around 2 Aug.

25 Jun – 20 Oct 2027: support from siblings and family gatherings. *Why:* the 3rd and 9th houses are both under the double transit, within the strong gains window. Family celebrations, a sibling's milestone and blessings from elders are indicated.

7 Oct – 18 Nov 2027: home repairs and mother's comfort. *Why:* transit Mars crosses your 4th, overlapping the mild vehicle and comforts window of 27 Oct – 20 Nov. The chart favours practical repairs and patience in home discussions.

20 Oct – 26 Nov 2027: conception and family planning. Moderate. *Why:* the double transit falls on your 5th, whose lord Jupiter sits in your Lagna in the birth chart. Conception is supported in this window, and the chart favours a calm, unhurried approach given Rahu's natal 5th-house influence.

II Health and wellbeing in 2027

Your planetary health analysis

Your **Lagna (Tanu bhava)** is Simha with **30 bindus**. Four grahas occupy it in the birth chart: Mars, Mercury, Jupiter and Venus. This gives you a strong constitution and plenty of drive, but also a tendency to overextend.

Mars in the Lagna adds heat. The tendencies to watch are acidity, inflammation, minor cuts or injuries from haste, and short temper. In tradition, Simha is linked with the heart, spine and upper back, so posture and cardio-friendly routines suit you.

Your Lagna lord Sun sits in your 12th in the birth chart. Your vitality depends on **sleep and rest**: when sleep suffers, energy drops quickly. In the Bhava Chalit the Sun moves into your 1st bhava, which shows that energy rebuilds quickly when you rest well.

Your **6th house** holds Saturn in its own sign with 32 bindus, giving Harsha Yoga: good recovery and the stamina to keep going. Your **8th** is Meena with 27 bindus, and its lord Jupiter sits in your Lagna in the birth chart. The 8th lord in the Lagna together with Harsha Yoga are classical indications of sound **Ayu (longevity)**. This is an astrological indication, not a medical prognosis.

Your **12th house** is Karka with 22 bindus. It governs sleep and rest, and asks you to protect both.

2027's health triggers

No Sade Sati or Dhaiya this year, which lightens Saturn's pressure on your health.

Transit Saturn on your 8th (to 2 Jun, then again from 20 Oct), with the double transit there from 24 Jan to 2 Jun. Chronic matters ask for steady care.

Mars retrograde over your Lagna (10 Jan – 1 Apr).

Transit Mars in your Lagna again (26 Apr – 4 Jul), with renewed vigour but the same heat.

The total solar eclipse in your 12th on 2 Aug, inside the Dasha Sandhi.

Transit Saturn in your 6th from the Moon for most of the year, which helps disciplined routines take hold.

What this means for you

10 Jan – 1 Apr 2027: energy and temper care. Mild. *Why:* transit Mars is retrograde over your Lagna. The chart indicates care with haste, driving and heat-related discomfort, and favours cooling routines.

24 Jan – 2 Jun 2027: preventive health and steady routine. Moderate. *Why:* the double transit falls on your 8th and transit Jupiter is in your 12th. The period favours preventive check-ups,

consistent exercise and attention to long-standing complaints with a doctor's guidance.
17 Jul – 26 Aug 2027: rest and recovery. Moderate. *Why:* transit Sun is in your 12th from 17 Jul to 17 Aug, the total solar eclipse falls on 2 Aug, and the Mahadasha changes on 26 Aug. The chart favours more sleep, lighter schedules and quiet time. A short retreat suits this period.

26 Aug – 31 Dec 2027: building a Saturn-style routine. *Why:* the Mahadasha of Saturn, your 6th lord in its own sign, begins. Fixed sleep, walking, a balanced diet and regular check-ups become your best protection for the coming years.

12 Education, travel and spiritual growth in 2027

Your planetary growth analysis

Learning. Your 5th house of study (Dhanu, 27 bindus) holds Rahu in the birth chart. You are drawn to new, technical or unconventional subjects. Its lord Jupiter in your Lagna gives a teacher's mind.

Your 9th house of higher learning (Mesha, 28 bindus) is ruled by the Yogakaraka Mars. Your 4th house of foundational education (27 bindus) is also Mars-ruled. Effortful, focused study pays off well for you.

In the Chaturvimsamsa (D24, education chart), Mercury, the planet of intellect, sits in Meena, the 3rd from the D24 Lagna Makara. You learn best through writing, practice and short courses.

Travel. Your 3rd house holds the vargottama Moon in the birth chart, so short journeys come naturally and often. The Moon also rules your 12th, which links travel to foreign lands. Rahu, the graha of foreign links, sits in your 5th in the birth chart, which connects foreign interests with study and creativity. Transit Jupiter in your 12th (24 Jan – 25 Jun) and the Moon pratyantar (24 Apr – 6 Jul) open the year's foreign window.

Spirit. Your 12th holds the Sun in the birth chart, and in tradition a Lagna lord in the 12th is a seeker's placement. In the Bhava Chalit, Ketu, the graha of detachment, shifts to your 12th. In the Vimsamsa (D20, spiritual chart) Jupiter sits in Dhanu, the 9th from the Aries Lagna of that chart, so you are guided by teachers and by traditional practice.

Transit Ketu holds your 12th all through 2027, which deepens meditation, solitude and a pull toward letting go. Transit Saturn in your 9th (2 Jun – 20 Oct) makes faith a matter of discipline.

What this means for you

24 Apr – 25 Jun 2027: foreign travel, visas and overseas links. Moderate. *Why:* the Moon pratyantar (12th lord) runs while transit Jupiter is in your 12th. Visa filings, overseas work trips and foreign clients are supported. Settlement abroad is not strongly indicated in 2027.

25 Jun – 20 Oct 2027: higher learning, long journeys and pilgrimage. Strong. *Why:* the double transit's sharpest phase falls on your 9th, with transit Jupiter in your Lagna. The chart favours pilgrimage, study under a mentor, certifications that lift your standing, and a journey with your father or teachers.

17 Jul – 26 Aug 2027: retreat and inner work. Moderate. *Why:* transit Sun is in your 12th, the 2 Aug eclipse falls in your 12th, and the Dasha Sandhi peaks. Silent retreats, japa and quiet time away are favoured over busy travel.

20 Oct – 26 Nov 2027: exams, admissions and new courses. Moderate. *Why:* the double transit falls on your 5th. This is the year's best window for exams, entrance tests and beginning a

structured course. Mercury is retrograde from 7 to 28 Oct, so the chart favours revising thoroughly in October and taking exams or signing up from late October onward.

15 Remedies for 2027

Upayas (traditional remedies) support your effort. They do not replace it, and none guarantees a result. Each one below is optional.

For Jupiter: Mahadasha until 26 Aug 2027

Mantra: *ॐ बृहस्पतये नमः*, 108 times every Thursday morning.

Daan: chana dal, turmeric, yellow cloth or books to a teacher or temple on Thursdays.

Fasting: a Thursday fast, or a simple meal without salt.

Rudraksha: 5 mukhi.

Gemstone: yellow sapphire (*पुखराज*), your chart's "lucky" stone as 5th lord, or its substitutes citrine or yellow topaz.

Traditionally worn at about 3 carats or more, in gold, on the index finger, on a Thursday morning.

Jupiter also rules your 8th and is combust in your birth chart, so this stone needs particular care.

Consult a trusted astrologer before wearing.

Puja: Guru yantra, or a Vishnu or Brihaspati puja on a Thursday.

For Rahu: Antardasha until 26 Aug, and transit in your 6th all year

Mantra: *ॐ रां राहवे नमः*, 108 times on Saturday evenings.

Daan: black sesame, a blanket or a coconut on Saturdays.

Rudraksha: 8 mukhi, as traditionally associated with Rahu.

Puja: Durga Saptashati or the Durga Chalisa. No Rahu gemstone is among your chart's recommended stones.

For Saturn: Mahadasha from 26 Aug 2027, retrograde 9 Aug – 24 Dec

Mantra: *ॐ शं शनैश्चराय नमः*, 108 times every Saturday.

Daan: mustard oil, black urad or iron items on Saturdays, and service to workers or the elderly, which is especially apt for a 6th-house Saturn.

Fasting: a Saturday fast.

Rudraksha: 7 mukhi, as traditionally associated with Saturn.

Puja: Shani yantra, and Hanuman Chalisa on Saturdays. No Saturn stone is among your chart's recommended gems, so mantra and daan are your support here.

For the Sun: your Lagna lord in the 12th

Practice: surya arghya at sunrise, and *ॐ सूर्याय नमः* 108 times on Sundays.

Daan: wheat and jaggery on Sundays.

Rudraksha: 1 mukhi.

Gemstone: ruby (*माणिक्य*), your "life" stone, or its substitutes red garnet or red spinel.

Traditionally about 3 carats or more, in gold or copper, on the ring finger, on a Sunday morning.

Consult a trusted astrologer before wearing.

Yantra: Surya yantra.

For Mars: Yogakaraka, mild Mangal dosha, retrograde 10 Jan – 1 Apr

Mantra: *ॐ भौमाय नमः*, 108 times on Tuesdays.

Daan: red lentils on Tuesdays.

Fasting: a Tuesday fast.

Rudraksha: 3 mukhi.

Gemstone: red coral (*मूंगा*), your "fortune" stone as 9th lord, or its substitute carnelian.

Traditionally about 6 carats or more, in gold or copper, on the ring finger, on a Tuesday morning.

Ruby and coral are both ring-finger stones, so combining them is best decided with your astrologer.

Consult a trusted astrologer before wearing.

Puja: Mangal yantra and Hanuman puja.

A stone your chart advises avoiding

Your chart advises **avoiding pearl** (and moonstone), since the Moon rules your 12th.

Eclipse days: 6 Feb, 21 Feb, 18 Jul, 2 Aug, 17 Aug

Chant the Sun or Moon mantra quietly during the eclipse hours.

Give daan after the eclipse ends.

Hold back major signings for a day or two.
