OI How you learn

Aarav, education in Jyotish is read from Budh (Mercury), the graha of intellect, Guru (Jupiter), the graha of wisdom and teachers, the Moon as attention, and the 4th, 5th and 9th houses.

Budh and Guru in your Lagna

Your Budh sits in Simha in your 1st house, in Magha pada 3, retrograde and combust. Retrograde Budh reviews and revisits: you understand a subject most deeply the second time through, and you are excellent at spotting what others missed. Combust Budh works best when the ideas are your own and carry your name, so projects, presentations and self-directed study suit you better than rote memorising.

Your Guru also sits in Simha in your 1st house, in Magha pada 1, combust. Guru in the Lagna gives a love of meaning and a natural respect for learning; you want to know why, not only how. Because he is combust, good teachers and mentors matter a great deal to you: the right guide brings out a wisdom that might otherwise stay quiet.

- ◆ Budh and Guru rising: you learn best by owning a subject, revisiting it, and learning from a teacher you respect.

Your attention

Your Moon is in Tula (Libra) in your 3rd house, vargottama. The 3rd house governs effort, writing and communication, and a vargottama Moon is steady. You concentrate well when the setting is calm and pleasant, and you learn quickly through discussion, writing and teaching others.

O2 The 4th house: foundation

Vrishchika on the 4th

Your 4th house, Sukha bhava, is Vrishchika (Scorpio), with no graha in it, and a Sarvashtakavarga score of 27, close to the traditional strong line of 28. Its lord Mangal, your Yogakaraka, sits in your Lagna. The 4th house describes your early schooling and the foundations of learning. Vrishchika gives depth and focus: you prefer to understand a subject thoroughly rather than touch many lightly.

03 The 5th house: intelligence

Dhanu on the 5th, with Rahu

Your 5th house, Putra bhava, the house of intelligence and study, is Dhanu (Sagittarius) with a score of 27. Its lord Guru sits in your Lagna, and Rahu sits in the 5th house itself in Purva Ashadha pada 4.

Dhanu is the sign of philosophy, law, higher learning and big ideas. Rahu there adds a restless, original intelligence drawn to new and unconventional subjects, technology and foreign ideas. It can also mean impatience with slow or traditional teaching. You do best when a subject feels current, meaningful and a little ahead of its time.

- ◆ Rahu in a Dhanu 5th house: an original, restless intelligence drawn to new and unconventional subjects.

O4 The 9th house: higher learning

Mesha on the 9th

Your 9th house, Dharma bhava, is Mesha (Aries), with a score of 28. Its lord Mangal sits in your Lagna, and he also rules your 4th house, so one graha, your Yogakaraka, governs both the foundation and the height of your learning. Higher education, research and study under good teachers tend to go well when you take the initiative yourself: apply, ask, and choose your own direction.

O5 Subjects and directions

What your chart leans towards

Taken together, the chart leans towards subjects that combine analysis with leadership and communication: management, law, finance and economics (Budh and Guru in the Lagna, the 10th house Vrishabha scoring 37), design and the arts (Shukra, your 10th lord, in the Lagna), and technology or new fields (Rahu in the 5th).

These are tendencies, not a single forced choice. The strongest signal is not a subject but a style: you thrive in fields where you can own your work, present it, and grow into a position of responsibility.

06 Timing for study and exams

The dasha picture

You are in Guru Mahadasha until 26 August 2027. Guru is the lord of your 5th house of study and the natural significator of learning, so this whole period has favoured education. The present sub-period of Rahu, who sits in your 5th house, favours learning something new or unconventional.

In your Shani Mahadasha, Budh Antardasha from August 2030 to May 2033 is traditionally a strong period for professional qualifications and skills.

The sky in the next two years

Jupiter's transit over Simha, your Lagna, from 31 October 2026 to January 2027 and from June to November 2027, traditionally supports study, exams and help from teachers. Saturn's transit into Mesha, your 9th house of higher learning, from June 2027 and again from February 2028, supports long, disciplined courses of study: a good time to begin a degree, certification or research that takes several years.

- ◆ Good windows: Jupiter over your Lagna in late 2026 and mid-2027; Saturn in your 9th house from 2027 for long courses.

O7 Traditional practices

For Budh and Guru

Wednesday is Budh's day and Thursday Guru's. Reciting the Saraswati Vandana or the Vishnu Sahasranama, keeping your study space clean and orderly, and giving books or school supplies to students who need them are the traditional practices for learning.

Respecting your teachers is itself the classic remedy for a combust Guru. And for a retrograde Budh, the most practical habit is to review: revise every topic once, a few days after first learning it.
